BRAND FOUNDATION

Thryve Health & Wellness is a cash-pay virtual clinic serving women in their 40s across Arizona, New Mexico, and North Dakota. Founded by Mika Moore, MSN, APRN, FNP-C, Thryve exists because too many women leave appointments with their concerns minimized, their labs called normal, and no real plan.

Every element of the brand — from the botanical mark to the deep green palette — reflects clinical credibility paired with genuine warmth and trust.

BRAND VOICE

Attribute	Description
Direct	We say what we mean. No filler, no jargon.
Empathetic	We acknowledge the frustration of being dismissed by conventional providers.
Credible	Clinical depth without condescension. We explain the why.
Warm	Professional but human. Never cold or corporate.
Clear	Plain language. Written plans. No mystery about next steps.

Brand Color Palette

All colors derive from deep botanical greens. Maintain exact values across all digital and print applications.

Swatch	Name & Hex	RGB	Role	Use
